COMPASSIONATE
ABOUT PEOPLE.**

**Bracing and Splinting
Program
Urgent Care**

Pro Medical East offers an easy comprehensive bracing program geared for your practice. With the selection of high-quality products, we can help you raise the bar of patient care.

Pro Medical East Solution:

- Stock your location(s) with high-quality braces targeted to the injuries you will see.
- Educate your staff on the proper usage of braces.
- Simple, easy process with no upfront costs.
- Take care of all insurance and patient billing for DME dispensed.

Process

1- Fill out a stock-and bill script. This includes:

- Patient Information and signature
- Prescriber information and signature
- Label from the brace on script
- Diagnosis codes checked off
- Patient Signature at bottom

2- Fax the completed script and patient face sheet to (732) 657-9400

3- Dispense the brace!

Its important to follow the process so we can track the inventory and help maintain proper stock levels.

Lifetime Guarantee

All the products we will stock your location with are all PDAC Approved and are high quality medical devices.

The products qualify for replacement at any time during the life of the relationship between the patient and this clinic. This product may be exchanged for an exact replacement at any time.

This guarantee does not serve as an option for a refund and has no cash value.

The purpose of this guarantee is to provide our patients with care above and beyond a traditional manufacturer warranty. Please contact our office with any questions.
